Thank you Mr. President and I apologize to the next speaker for raising the point of order but there was a proposal that was put forward by the distinguished Secretary-General of the Conference to the effect that without setting a president we would just agree that out of courtesy to the Women's International League for Peace and Freedom, they would be empowered to read out their statement and that without prejudice to following up on the suggestion made by the distinguished representative of the United States on the issue of NGOs. I would put it to the floor that we might be able to accept this on a consensus basis and following up on the proposal made by the distinguished representative of Brazil to carry out informal consultations on the pursuit of the conditions for involvement of NGOs, but just for this once over non-president creating decision proposed by the distinguished Secretary-General I would suggest that we now approve this on a consensus basis. Thank you Sir.
